## **Hinsdale South High School**

### **Student Conduct Expectations for Overnight Field Trips**

The expectations that have been established are designed to assure that each person shall benefit from the educational tours and field trips that are organized. This trip is a co-curricular activity like many others that take place throughout the year and each student expected to behave in the same manner that he/she would at any other activity. Therefore, no student shall be permitted to complete his/her reservation until he/she and his/her parent or guardian have read together the following expectations and have signed that the student will comply with the expectations.

#### Expectations:

1. The students shall represent Hinsdale South High School at all times and should not conduct themselves in a way that is detrimental to the reputation or identity of the school. Applicable rules and regulations as printed in the student handbook must be followed. Therefore, it is understood and agreed that if a student willfully disregard these established rules the supervisor and/or chaperone will notify his/her parents and he/she may face serious consequences including suspension and expulsion. If the supervisor finds it necessary to notify parents regarding behavior, an administration will also be notified. Law enforcement agencies will be notified of and involved in situations as deemed appropriate by the trip supervisor or as required by law.
2. A student involved in a safety or serious violation of school policy will be dealt with according to the student handbook and may also face the following consequences:
  - Parent(s)/guardian(s) will be notified.
  - A chaperone may accompany the student home.
  - Appropriate travel arrangements will be made and the student's parents will be notified of the incident and the travels arrangements.
  - Both the student and chaperone will be returned home at the parent's expense.
3. The students are subject to the authority of the supervisor and chaperones at all times. If a student has any concern about the behavior of fellow students, they should bring these concerns to the supervisor and/or chaperone.
4. In the case of an accident, the parent/guardian will be notified as quickly as possible. Should it be necessary that a student require hospitalization, it will be the responsibility of the parent/guardian to go to the hospital and/or make arrangements for transportation home. Financial responsibility for any transportation (student and chaperone) required, will rest with the parent of the student involved. Parents agree to assume any medical expenses not covered by their own family medical insurance policies.
5. Any medication that must be administered during an overnight field trip, either over the counter or prescribed requires a physician's written order and a parent/guardian authorization. Required medication should be in a properly labeled container. The student may carry self-administered medication during the overnight field trip (inhalers, Epi-pens, diabetic medication).
6. The school's substance use policies will be adhered to regardless of the laws or customs of other countries.
7. The nightly curfew will be outlined in the itinerary. Students are expected to be in their room with the lights out at this time. Bed checks will be made. Students may not leave their room for any reason once bed checks are made. The staff has been advised to notify the supervisor if there is any infraction of this rule.
8. Students are not permitted to have members of the opposite sex in their room at any time. Also, outsiders (those not directly involved with the field trip) are not permitted in any student's room at any time.

9. Students are not permitted to change assigned rooms.
10. Students must be on time for all scheduled activities and for each meal in the tour/field trip. Each student will fully participate in each day's program. Students will not deviate from the schedule, program, or directions of the chaperones without their consent.
11. Students must respect all property. The student is responsible for any damage or misappropriation of any property. The student is responsible for restitution should any damage or losses of property occur. The student must reimburse the property before the group leaves the premises.
12. Students must be considerate and respectful of the rights of other guests. Unnecessary and loud noises, such as slamming doors, running in the hallways, and loud music, are strictly forbidden.
13. Students are responsible for respecting the property of the transportation service. The student is responsible for any damage or misappropriation of the property of the transportation service. The student is responsible for restitution should any damage or loss of property occurs.
14. Students will not enter into any vehicle except the ones that are provided by the tour. Students will not engage in any activity with persons unfamiliar to the supervisor and chaperones without their consent.
15. Luggage must have identification clearly visible. Students are responsible for the contents of their luggage and are asked not to bring any personal property of value.

The signature of either parent to this policy statement shall constitute full permission for the student named below to participate in the trip. It is likewise understood that District 86 disclaims all legal responsibility on any matter whatsoever.

We have read together the foregoing and agree to the conditions as outlined above.
